

Sherlock_2.0

ARMCHAIRS

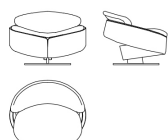

Presented for the first time at the 2018 Salone del Mobile, the Sherlock armchair is proposed in the 2019 collection with leather upholstery and a swivel base with black chrome finish. Characterized by a steel base with a single central vertical element to support the weight of the armchair, the Sherlock armchair features a complex design and manufacturing. The band that wraps around the armchair creating the backrest and arms is a curved wood with a double slope; a complex element requiring a precise and articulated carpentry work.

Armchair with structure in beech wood and foam. Upholstery in leather cat. B Nabuk L.08.07 Dark Silver and leather cat. B Nabuk L.08.10 Dark Blue. Swivel base in metal with Black Chrome finishing.
