

# Jenga

## LOW TABLES

Pure volumes and essential lines: these are the main features of the Jenga low table. A composition with a refined design that is expressed in the succession of light and dark glass rectangles, assembled at 45° and joined without showing grafts or joints. The entire structure is made of glass and the whole piece is revealed to the eye as a unique light and refined block.

Low tables with structure in smoked and satin clear glass. Tips in Brushed Bronze finishing.

## LOW TABLES

Low table with structure in bronzed and clear glass or smoked and satin clear glass. Tips in Brushed Bronze finishing.
