

Elgon

BEDS

Elgon is a spectacular and fascinating bed, characterized by a large headboard whose workmanship is inspired by the kintsugi technique, the ancient Japanese art of giving new life to fragments of broken objects, enhancing the ribs created. In the Elgon bed, the refined decorations recall at the same time the typical animalier patterns of the Cavalli world.

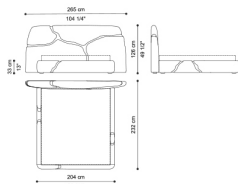

Elgon

BEDS

Bed with headboard and bed frame in multilayer poplar wood, solid polar wood and solid fir wood. Padding in high density expansive polyurethane foam.

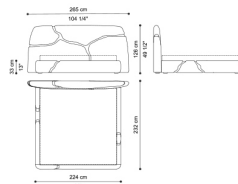

Upholstery in leather from the collection, with inserts in the special finishing gold laminated leather.

Brass plate with RC monogram on bed frame side.
